

INTRODUCING

DenimShield™

Nytek® now with **DenimShield™**

- Soft, supple synthetic leather, designed for automotive seating
- Cold crack resistant
- Highly abrasion resistant

Denim stains have been nearly impossible to remove effectively...

...until now.

Now, easily remove denim stains from automotive seating in seconds with water & for difficult stains, a soft alcohol swab!

Another great reason to choose Nytek®!

Give Nytek® with DenimShield™ a test drive today!
